

Webinar

Topic: *Talks on Hydrology, Climate Change, Dam Safety and Eco-friendly Irrigation*

Date: 24 January 2021 (Sunday);

Time: 14:00 – 17:30 YGN Time;

Language: Myanmar

To Join the Webinar

Zoom Meeting ID – 954 4258 2901;

Passcode – 798517

Live on Myanmar Water Portal Facebook Page

Agenda

Time	Commentary	Speakers
14:00 – 14:05	Opening Address	Dr. Zaw Lwin Tun , Representative of Myanmar Water Partnership; Deputy Director General, Irrigation and Water Utilization Management Department IWUMD
First Session (15 mins for each speaker)		
14:05 – 14:20	Development of Guideline for Integrating Climate Change Projection into Flood Risk Assessments in Bago River Basin	Dr Aung Than Oo Deputy Director, Operation and Maintenance Branch of IWUMD Ayeyarwady Region
14:20 – 14:35	Selection of Safe Inflow Design Floods for Dam (IWUMD Context)	Dr Zaw Zaw Latt Assistant Director, Hydrology Branch, Irrigation and Water Utilization Management Department IWUMD
14:35 – 14:50	Behaviour of Hydro-meteorological Responses in Chindwin River Basin Under Past and Future Climate	Daw Khin Si Si Hlaing Assistant Engineer, Hydrology Branch, Irrigation and Water Utilization Management Department IWUMD
14:50 – 15:05	Practical Utilization of Satellite Rainfall in Hydrological Application	Daw Shwe Pyi Tan Assistant Engineer, Hydrology Branch, Irrigation and Water Utilization Management Department IWUMD
15:05 – 15:35	Questions & Answers	
15:35 – 15:45	Virtual Coffee Brake (10 mins)	
Second Session (15 mins for each speaker)		
15:45 – 16:00	Earthen Dam Probabilistic Slope Stability Modeling	Daw Htoo Htoo Aung Assistant Engineer, Design Branch, Irrigation and Water Utilization Management Department IWUMD
16:00 – 16:15	Earthen Dam Spillway Physical Modeling	Daw Htoo Htoo Shwe Assistant Engineer, Irrigation Technology Center, Bago, Irrigation and Water Utilization Management Department IWUMD
16:15 – 16:30	Earthen Dam Breach Modeling	Daw Pa Pa Shwe Sin Kyaw Assistant Engineer, Design Branch, Irrigation and Water Utilization Management Department IWUMD
16:30 – 16:45	Fish-friendly Irrigation Systems in Myanmar	Daw Aye Myint Swe Assistant Engineer, Design Branch, Irrigation and Water Utilization Management Department IWUMD
16:45 – 17:15	Questions & Answers	
17:15 – 17:25	Survey	
17:25 – 17:30	Closing Notes	Daw Hla Oo Nwe , Representative of Myanmar Water Partnership; Irrigation Engineer, Eastern States Agri-business Project ESAP, Irrigation and Water Utilization Management Department IWUMD
